Any third-party product(s) or any part thereof which LIGHTVU distributes is subject to the original manufacturer's warranty policy and procedure unless specified otherwise in writing by LIGHTVU.

This Agreement includes:

- i) Protection from defects in material and workmanship for the Standard Limited Warranty Period.

Standard Limited Warranty Coverage

LIGHTVU warrants to the original End User that the product will be free from defects in material and workmanship during the warranty period. The warranty period shall commence on the date the product ships from LIGHTVU, unless authorized by written agreement from LIGHTVU.

If LIGHTVU determines a part or product is defective in material or workmanship during the warranty period, LIGHTVU will provide replacement or repair of the defective part or product with a similar new or refurbished part or product.

Defects are determined at LIGHTVU's sole discretion and defined as follows:

- i) With respect to the product (except LED pixels), a "defect" refers to a variance from the product specifications that prohibit the product from operating for its intended use.
- ii) With respect to LED pixels, "defects" are defined as LED pixels that cease to emit light. Unless written agreement is provided by LIGHTVU, this Agreement does not include replacement or repair for normal LED pixel degradation.

All LIGHTVU components (including cabling, power supplies, LED modules, and spares) purchased at the time of the initial product purchase are warranted for the duration of the warranty period from the date the warranty period commences.

All replacement or repaired items are warranted for the remainder of the respective warranty period or 90 days from the date of shipment from LIGHTVU. The End User agrees to retain the replacement or repaired product and that the defective product becomes the property of LIGHTVU.

All additional products purchased after the original product purchase are warranted for the respective product warranty period.

This Agreement may be supplemented by other programs offered by LIGHTVU including LIGHTVU's "Extended Warranty Program", or by express written agreement from an authorized LIGHTVU agent.

This Agreement does not include any additional warranty terms and/or conditions, expressed or implied, except those specifically provided herein. LIGHTVU disclaims any implied terms and conditions unless accompanied by written agreement signed by an authorized LIGHTVU agent.
